

Southwest Chula Vista Civic Association

PO Box 6064, Chula Vista, CA 91909, (619) 425-5771, <http://www.swcvca.org>

NEXT MEETING
MONDAY August 25
AT 6:45 PM AT THE
MAAC CHARTER
SCHOOL 1385 THIRD
AVE.

Keith Greer from SANDAG will give a

presentation about visioning alternatives for the long-term future of the South Bay Salt Works property at 1470 Bay Blvd. Come express your opinions about the future of the Salt Works building and land. Hear about alternatives.

On 7/23 Theresa attended a city Small Business training about Insurance, the new bank, and selling with intention.

On 7/18 Earl, Norberto and Theresa went to City Heights and learned about Facelift. City Heights has about 80,000 people and they have 14 Neighborhood councils. They rotate Facelift between neighborhoods cleaning up and improving the homes on one block at a time. We are looking for grants and trying to identify leaders for neighborhoods so we can start something similar in the Southwest.

On 7/21 & 8/15 Theresa attended Air Resource Board meetings on AB32. This is a new law that will strive to reduce Greenhouse

gases in CA by 80% by 2030.

8/6 Earl and Theresa discussed getting an intern to help SWCVCA from SWC. Theresa submitted 62 pages of comments for SWCVCA on the Bayfront Master Plan.

8/7 Theresa, Dave, Norberto & David went to a Southwest United in Action meeting and Theresa expressed the opinion it was a wasted effort by the city. The last convention for public comment will be on Saturday 9/6 from 9-2 at Lauderbach Park on Oxford across from the Post Office. On 8/12 many of us participated in a protest at city hall against the peaker plant and against the council's decision to discuss this important issue in secret. This is the issue we need to unite around "Enough, is enough," NO MORE Dumping on the Southwest!!! No more secret meetings and deals!!

On 8/14 Theresa went to the Public Safety meeting and asked them to support an ordinance against truck idling and parking in neighborhoods.

Theresa has been attending NCI (Neighborhood Council Initiative) meetings on the first Friday at 9 AM at Resource Center behind Rice Elementary, publicizing our meetings and issues. Everyone is welcome to attend!!

IPS got a grant from the County to work on **Drug and Alcohol Abuse**. Theresa has referred two drug houses to them already. If you know of others call 425-5771 so I can forward the information.

The Southwest Chula Vista Civic Association was formed to provide a structured association for the residents, property owners, and business owners of the underrepresented Southwestern region of Chula Vista, to participate in the preservation, planning, development and protection of the unique character of the area through community education and group action.

<http://www.schmidt-design.com/saltworks/> This site has pictures and the 5 alternatives that the consultants hired by SANDAG came up with after consulting with the public for the future of 17 acres including the building, parking lot and one small pond to the west of the building. This property is owned by the people of California, but controlled by the Air Port Authority, which seems to have no interest in it. An objective of the County is to try to obtain this parcel for future public use.
